

DATA SHEET

Basis Gel - Aloë Vera - Basis Gel - Aloë Vera

Part Number: 20004A - GGB48

General Description:

A viscous clear colourless gel, containing the humectant Glycerin and soothing Aloe Vera, suitable for application to the face and body.

Instructions For Use & Suggested Use Levels:

Gently stir in water soluble dye, pearlising pigment (for glitter or shimmer effects) or aqueous additives i.e. extracts, to the Clear Aloe Gel at ambient temperature, until uniform. Perfumes and essential oils blends can be used but it will make the gel opaque but premixing with solubilisers can reduce the viscosity of the gel. Discharge through a filter into suitable packaging.

	Suggested %	Recommended max %
Floral water/ aqueous extracts	1.0	2.0
Veg/seed oils	0.1	1.0
Essential oils /fragrances	0.5*	1.0*^

* Dependent on the actual IFRA

^ Higher levels may be used but testing would definitely be required

NB: All bases have been stability tested as sold. SoapQueen recommends that you stability/ compatibility test the finished product in the actual finished product packaging before placing on the market.

Origin:

SoapQueen certifies that to the best of their knowledge the above product was manufactured in the UK.

Allergens and IFRA

Contains none of the 26 allergens designated by the EU in European Union Cosmetics Regulation (EC) No 1223/2009 Annex III. Does not contain material restricted/prohibited by IFRA and therefore does not require an IFRA statement.

Animal Non-Testing Declaration

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

Statement on Genetically Modified Organisms

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, this product will not contain any detectable residues of protein or DNA resultant from genetic modification.

It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.
